**Subject:** 35th Avenue Superfund Site BL testing

Anita,

I contacted the Birmingham parks and recreational department and requested that we be given approval to conduct blood lead testing for children and pregnant women at the Harriman Park Recreational Center on July 18 from 4 – 8 pm and on July 23 from 9 am – 1 pm.

The request has to be reviewed and approved by the park and recreational department commission. They are meeting tomorrow and I hope to have an answer back tomorrow or the next day. I will let you know the outcome as soon as I hear. If this doesn't work out we will look for an alternate location.
